SUNDAY

November 22

10 AM – 3 PM

Family Community
Life Center
1018 Northville Tpke.
Riverhead, NY 11901

**Get your flu shot at
our upcoming event!**

**Call (631) 727-1110
to register today!**

(Preregistration is recommended)

It's not too late – Flu shots are available through eligible insurance plans. If you do not have an eligible insurance plan, a flu voucher will be provided while supplies last.

Myths about the flu shot

- Can I get the flu from the flu shot?**
No. You might have mild side effects for the first day. And you can still get infected with the flu while your body makes antibodies. Practice good hygiene as usual.
- Does the flu shot increase risk of COVID-19?**
No. Your risk for COVID-19 does not increase with a seasonal flu shot. And preventing hospital visits helps protect health care resources.
- If I get sick, did the flu shot fail?**
No. You might have gotten a virus not covered by the shot. You still have added protection against the types of flu targeted by the flu vaccine.

Your safety is our priority!

We will ensure physical distancing. Everyone is required to wear a mask while attending the flu clinic.
