## Guidance for Teams

### Template

Any part of the plan can be collapsed or expanded by clicking on the triangle next to the blue headings. You can also move through the sections of the plan by accessing the Navigation Pane in Microsoft Word.

### Commitments

After completing the Student Interviews, discussing the Equity Self-Reflection, and reviewing recent data, including survey data, school teams should discuss what was learned and then review the document “[How Learning Happens](#),” particularly page 3. Then the team should ask, “**What should we prioritize to support our students and work toward the school we wish to be?**”

The team should take the answers to this question and identify 2 to 4 commitments for the 2022-23 school year. For each commitment, the team will identify strategies that will advance these commitments.

School teams have a lot of flexibility when selecting the commitments that are identified. There is no requirement that commitments must align with specific subject areas, as was required in the past. Any of the full statements that appear on page 3 of the [How Learning Happens](#) framework, such as “*Every child can see themselves reflected in teachers, leaders, curriculum, and learning materials*” could serve as a commitment. To be meaningful, it is important that the commitments be informed by the Student Interviews, Equity Self-Reflection, and review of recent data, and the commitments should connect to the school’s values and aspirations.

### Strategies

After school teams identify their commitments, they should consider strategies that will allow the school to advance that commitment. School teams will need to identify how they will gauge success with this strategy, what the strategy entails, and any resources that are necessary to implement that strategy.

## COMMITMENT 1

### Our Commitment

<p><b>What is one commitment we will promote for 2022-23?</b></p>	<p>We commit to expose students to content and questioning they will encounter in secondary education.</p>
<p><b>Why are we making this commitment?</b>  <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> <li>● <i>How does this commitment fit into the school's vision?</i></li> <li>● <i>Why did this emerge as something to commit to?</i></li> <li>● <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i></li> <li>● <i>What makes this the right commitment to pursue?</i></li> <li>● <i>How does this fit into other commitments and the school's long-term plans?</i></li> </ul>	<p>The motto of the school is to be <b>Responsible, Motivated, Successful</b>. Throughout the school building there are visual displays to be responsible, motivated and successful. Being responsible, motivated and successful starts in the classroom with class discussions and curriculum.</p> <p>The focus for the school is to continue building a scope and sequence amongst the departments as well as the use of common language that will be used throughout quarterlies. Staff will create documents using a shared folder on Google Drive. This will promote vertical planning by allowing all staff to view what is being taught across all grades and subject areas.</p> <p>The members of the team acknowledge the importance of the statement, "learning is multidimensional." Our goal is to create a learning environment where all students have access to academic support, higher level thinking questions and discussions to achieve success. We want all students to be engaged in learning that is meaningful. In doing this, we hope to spark excitement from the students which will turn into great classroom discussions and learning experiences.</p> <p>This commitment will assist with providing the staff the opportunity to develop consistency within each discipline. provide students with the tools necessary to be able to see growth in assessments, assignments and build their self-confidence.</p>

## Key Strategies and Resources

STRATEGY	METHODS	GAUGING SUCCESS	RESOURCES
What strategies will we pursue as part of this commitment?	What does this strategy entail?	What specifically will we look for during the year to know that this strategy is having the desired impact? (This could include qualitative or quantitative data.)	What resources (Schedule, Space, Money, Processes, Individuals) are necessary to support these strategies?
<b>Staff Professional Development through New York Therapy</b>	New York therapy will continue to conduct walkthroughs, modeling, provide feedback and professional development to staff.	Gather feedback from staff, New York Therapy will conduct observations and administration walkthroughs  By October, we will have a schedule that will outline days/times for New York Therapy to work with staff.	Schedule – Time needs to coordinate schedules between the school and the providers.
<b>Develop common rigorous quarterlies for each subject area</b>	During team planning sessions, teams will develop quarterlies using similar rigorous language for questions on assessments, assignments and class discussions.  ELA coordinators (7 <sup>th</sup> and 8 <sup>th</sup> grade) will meet with the grade level team to discuss, plan and write quarterlies. The coordinators will develop writing prompt(s) for the students to complete. The coordinators will score the writing prompts and provide feedback to staff and students.	Teams will track student progress using the quarterly assessments.  By the end of each quarter, the team will analyze the data provided by focusing on questioning and written responses.	Schedule – time in grade level team meetings  Substitute teachers will be provided (when possible) for departments to meet and develop common quarterlies.

<b>i-Ready Assessments</b>	<p>Students will take i-Ready assessments twice a year (Fall and Spring). Staff will use assessment data to track growth and areas of need.</p> <p>Students and staff will have access to i-Ready instructional resources.</p>	<p>The staff will compare Fall data to the previous year (Spring) assessments. Similarly, a comparison of Fall and Spring scores will be reviewed.</p> <p>Students will be able to track their own growth in i-Ready.</p>	<p>Time and schedule – Schedule block of time for the students to take the assessment. Common planning periods to review data.</p> <p>Schedule – PD for staff</p> <p>Iready – Site access</p>
<b>Vertical planning among grade level and departments</b>	Using a common platform – google drive to create folders for each grade and subject area.	<p>In September, Build a scope and sequence amongst departments.</p> <p>A Google folder will be shared with all staff. In doing this, it will make sharing documents and resources amongst staff readily accessible.</p> <p>Common vocabulary and questioning strategies will be used in all content areas.</p>	<p>Schedule - Common planning time for grade level teams</p> <p>Substitute teachers will be provided (when possible) for departments to meet and develop common quarterlies.</p>

End-of-the-Year Desired Outcomes

Schools teams are invited to consider if the belief statements shared below connect to this commitment. Since each commitment is unique, school teams should decide how progress about this commitment might be noted. If the team’s answer to a “we believe” prompt is no, that section should be left blank.

We believe these survey responses will give us good feedback about our progress with this commitment:

ELA iReady “At or Above Grade Level”: 65% (previous 33%)
Math iReady “At or Above Grade Level”: 65% (previous 35%)

## COMMITMENT 2

### Our Commitment

<p><b>What is one commitment we will promote for 2022-23?</b></p>	<p>We commit to ensuring that every child feels safe, respected, supported, and has a true sense of belonging while in the building.</p>
<p><b>Why are we making this commitment?</b>  <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> <li>• <i>How does this commitment fit into the school's vision?</i></li> <li>• <i>Why did this emerge as something to commit to?</i></li> <li>• <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i></li> <li>• <i>What makes this the right commitment to pursue?</i></li> <li>• <i>How does this fit into other commitments and the school's long-term plans?</i></li> </ul>	<p>Students and staff had to continue to endure many uncertainties and changes throughout the past two and half years. This included different learning styles and using technology such as google classroom and zoom. In addition, students and staff had to endure wearing masks and remain socially distanced from their peers. All the safety measures continued to be in place until after Spring Recess, where the school began to remove the plastic barriers, removal of masks and face shields and moving away from social distancing.</p> <p>During our student interviews, students shared that they continue to feel isolated from their peers. However, towards the end of the school year, students were able to enjoy many of the activities they have missed in the years prior. The students were able to attend after school clubs, end of the year dance and the 8th grade field trip.</p> <p>As the team completed the Equity Self Reflection, we decided that we will continue to strive to conduct more student interviews/surveys, to learn more about our student cultures and communities by highlighting and celebrating our diversity and interests.</p> <p>We believe that every student should feel safe and supported at school. The school motto of being <b>R</b>esponsible, <b>M</b>otivated and <b>S</b>uccessful can be heard and seen throughout the school building. Our goal is to continue to make sure that all of the students know that they are a valued member of the school community.</p>

## Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

**Option 1:** Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: <http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

**Option 2:** Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

**Option 3:** Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

**Directions:** Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

### X State-Supported Evidence Based Strategy

If "X" is marked above, provide responses to the prompts below to identify the strategy and the commitment(s) it will support:

## Our Team's Process

### Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Requirements for Meaningful Stakeholder Participation" found at: <http://www.nysed.gov/common/nysed/files/programs/accountability/scep-requirements-stakeholder-participation.pdf> This section outlines how we worked together to develop our plan.

### Team Members

Use the space below to identify the members of the SCEP team and their role (e.g. teacher, assistant principal, parent).

Name	Role
Dr. Stephen Hudson	Principal
Jeannine Campbell	Assistant Principal
Kimberly Birong	Math AIS Teacher
Shannan Maida	Special Education Math Teacher
Cheryl Walsh Edwards	English Teacher
Vanessa Cruz	Social worker
Martin Faint	ENL Teacher
Kristin North-Hughes	Parent
Melissa Zeleski	Parent/PTO

## Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

1. Interviewing Students
2. Completing the Equity Self-Reflection for Identified Schools
3. Reviewing Multiple Sources of Data and Feedback
4. Clarifying Priorities and Considering How They Connect to School Values
5. Writing the Plan
6. Completing the "Leveraging Resources" document (OPTIONAL)

## Meeting Dates

We completed the steps above across multiple meetings. Below is a list of dates we met as a team and what occurred during those meetings.

Meeting Date	Interviewing Students	Completing the Equity Self-Reflection for Identified Schools	Reviewing Multiple Sources of Data and Feedback	Clarifying Priorities and Considering How They Connect to School Values	Writing the Plan	OPTIONAL: Completing the "Leveraging Resources" document

## Learning As A Team

### Directions

After completing the previous sections, the team should complete the reflective prompts below.

### Student Interviews

#### **Describe how the Student Interview process informed the team's plan**

After the student's interview process, the team reflected on what the students have endured the past year and half. The students articulated what they feel they missed out on and what they are most proud of. In listening to our students, we recognized what they lost and what is needed to support them for the year ahead. As a team, we know that the students will need to be immersed in a positive, safe learning environment. Students will be supported both academically and emotionally with programs and staff in place

### Equity Self-Reflection

#### **Describe how the Equity Self-Reflection informed the team's plan**

The Equity Self-Reflection helped the team evaluate how the school supports an equitable learning environment for all students. The team used the responses from the self-reflection to choose the commitments and what was needed to support each commitment to ensure a successful implementation.

## Next Steps

### Next Steps

1. **Sharing the Plan:**

- a. **CSI Schools:** As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, please indicate to your liaison that the school is ready to share its full plan for approval. Plans should be shared by August 1, 2022.
- b. **TSI Schools:** When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2022-23 school year.
- c. **All Schools:** Ensure that the local Board of Education has approved the plan and that the plan is posted on the district website.

2. **Implementing the Plan** (for all schools):

- a. Ensure that the plan is implemented no later than the first day of school
- b. Monitor implementation closely and make adjustments as needed
- c. Ensure that there is professional development provided to support the strategic efforts described within this plan.
- d. Work with the district in developing the 1003 Title I School Improvement Grant application designed to support the implementation of the activities identified in the school and district plan.
