Dear Blue Waves families,

The Thanksgiving season is the time in which we reflect on all we are thankful for and share our joy and kindness with our families, friends and community. In my own ruminations, I have recently been thinking about how grateful I am to be the Superintendent of such an incredible school district and to learn, teach and grow every day alongside our students, faculty and staff.

This school year has already experienced abounding success as the result of our students' determination, ingenuity and leadership, our faculty and staff's unbridled passion to educate and inspire our students, our Board of Education's commitment to ensuring our schools have the tools and resources necessary to pursue excellence and our families and community members' devotion to the success of our District. The fantastic fall programs, lesson plans, events and activities that our students have thrived in are thanks to your dedication, and we intend to continue and expand upon their success through the rest of the school year.

I am beyond thankful to be a part of this wonderful District and happy to share this giving season with such a compassionate community. Let us extend our kindness to one another as we always have and celebrate this season together.

I wish you all a healthy Thanksgiving and look forward to seeing our students continue their academic achievement back in school on Monday, November 28th.

Sincerely,

A handwritten signature in black ink, appearing to read "Aug E. Tornatore".

Dr. Augustine E. Tornatore
Superintendent of Schools
