RE: Instrument selection for 5th Grade

There will be an informational meeting for all current 4th grade parents who will be having a child participate in the instrumental music program in 5th grade at Pulaski Street School. There will be an overview of the program, what to expect during your child's first year playing an instrument and our teachers will be there to introduce themselves. If you have not received any information about having your child play an instrument or missed a deadline, you may also join us and sign up during this time. The meeting will be at Pulaski Street School in Howard Hovey Hall on June 20th at 6:30 PM.

Sincerely,

Jason Rottkamp
