Mr. Leslie Moore
Director of Transportation
(631) 369-6720

Dear Blue Wave Families:

Over the past two days, we have received several calls regarding the revised bus schedules and transportation information sent out over ParentSquare this past Monday, August 21. For some families, this information was different from the information you received by mail last week. The reason for the change was additional information related to enabling us to improve bus routes as well as additional registrations in the District since that first schedule was developed.

Over the past week, we have had additional registrations which have required us to make one last revision in the transportation schedule, which will result in additional changes for some families. This final bus schedule will be sent out to all families through ParentSquare this Friday, August 25. This will be the final and official version of bus schedules, including pick-up and drop-off locations. Please follow this updated schedule for the start of school on Wednesday, September 6.

We realize these changes might be confusing and frustrating. However, we made these changes to ensure that the problems associated with transportation last year, including late pickup and drop offs, are not revisited again this year. These revisions have also been made to ensure our bus driver capacity, which has been impacted by the bus driver shortage being experienced by school districts across Long Island and the country, is sufficient to efficiently and effectively implement our bus schedules for all students entitled to bus transportation.

To reiterate, the final and official bus schedules and transportation information will be sent out to families across the District via Parent Square this Friday, August 25. We encourage all our families to review this final bus schedule information carefully so that there is no confusion as to where and when your child(ren) will be picked up and dropped off at the start of school in two weeks.

If you do have any questions, please do not hesitate to call the transportation department at 631-369-6720, or email the transportation department at Bushelp@g.Riverhead.net.

Thank you for your understanding and support.

Sincerely,

A handwritten signature in black ink, appearing to read 'Leslie Moore', is written over a horizontal line.

Mr. Leslie Moore
Director of Transportation
